it represents  
the Italian flair  
which is made  
of perfection,  
elegance and  
upper quality  
manufacturing.

With the intention to develop an elegant lighting fixture, Nava+Arosio Studio designed for PUK a lamp able to frame the light in a round or a square minimalist structure which can perfectly fit in any building style, from ancient to modern. The glass diffuser finishing is acid-etched and white painted internally, which enable the lamp to create an homogeneous and smooth distribution of the light, completely avoiding the dot effect of the LED. Frame is equipped with Samsung 2835 LED.
